MEETING MINUTES OF THE
PUBLIC WORKS COMMITTEE
OF THE VILLAGE OF SPRING GROVE
JUNE 29, 2016

Council Chambers, Spring Grove, Illinois, June 29, 2016; a meeting of the Public Works Committee was held this date at 10:07 a.m., at the Municipal Centre, 7401 Meyer Road; Chairman Jim Anhalt presiding.

Call to Order. The following committee members present: Chairman Jim Anhalt and Member Pat Mazzanti – 2. Absent: Member Randy Vinyard - 1. Also present for the Village were: Tom Sanders, Executive Assistant; Matt Wittum, Public Works Supervisor; and Laura Frumet, Deputy Clerk.

New Business.
Discuss the purchase or lease of a new lawn mower. The committee discussed replacing a wide-area mower that is in need of extensive repair. Two options were reviewed. Both included trading in the wide-area mower for $11,500.

- **Option One**: Purchase two new mowers (valued at $24,400) for approximately $4,700 after trade-in and selling one of the current older model zero-turns for an estimated $3,000.

- **Option Two**: A two-year municipal lease program of $267 a month after trade-in of one mower with a buyout at the end of $3,085. To continue the program for another two years, the monthly cost would increase to $440 as there would not be a trade-in.

The committee felt the best option would be option one to trade-in the wide-area mower, sell a 2009 zero-turn mower, and purchase two new Scag zero-turn mowers for a total of approximately $4,700.

Discuss start date for Winn Road bike path. Chairperson Anhalt asked if work can get started on the Winn Road bike path as he would like it finished as soon as possible so residents can use it this summer. Supervisor Wittum said Public Works is fixing sink holes in two neighborhoods for the next couple of weeks but in the meantime he can call to have the trees cut down as per the plan so they can started on the bike path project next. They had originally planned on starting the excavation for the Springdale Trails playground, but it can be put on hold until the additional playground equipment arrives to be installed. The crack sealer has been in for repairs so they are not as far along as they had hoped to be on street repair. He thinks the bike path should take two weeks to complete, but if the soil is bad, fabric may need to be laid which will make the project take longer.

Public Comment. There was no one in attendance.

Other Business. None.

There being no further business, the meeting was adjourned at 10:31 a.m.

Respectfully Submitted,

Laura Frumet, Deputy Clerk
