Some of the species listed above may have limitations in their application. The above list is for newly installed trees. Existing trees on tree surveys may include an expanded list of acceptable species (such as Black Walnut, Hickory, Poplar, Ash, Black Cherry, Silver Maple, etc.) under certain conditions. Certain species of trees (i.e. Boxelder, Buckthorn, Mulberry) will be considered unacceptable as credit in lieu of newly installed trees and/or existing trees counting toward parkway tree calculations.
